

What's Happening – September 2014

AITS delivers enterprise-wide information technology services and solutions to approximately 23,500 employees and 78,000 students at the University of Illinois. AITS builds and maintains administrative applications for faculty, students and staff across the three campuses at Chicago, Springfield and Urbana-Champaign. AITS provides the tools for faculty, staff and students to:

- Manage class rosters
- Submit grades
- Maintain and apply for grants
- Access reliable and timely data
- Register for classes
- View grades and bills
- Pay tuition

In addition, AITS collaborates with other IT units to provide tools such as iBuy, Travel and Expense Management (TEM) and HireTouch. Members of the AITS staff, including the UA CIO, are available to participate in meetings, discussions and committees about current and future IT services, products and projects.
