THE UNIVERSITY OF ILLINOIS

...In brief

Chartered in 1867 in response to the Federal Land Grant Act, the University of Illinois is one of the largest and best comprehensive research universities in the nation.

Its mission is to advance human knowledge through teaching, research and public service.

The University is at or near the top of all American universities in the number of engineering doctorates awarded each year, as well as in total chemistry and chemical engineering degrees awarded.

The U. of I. offers more graduate study in dentistry, medicine, nursing, pharmacy and public health than any other health education institution in the nation.

Ten alumni and seven faculty members have won Nobel Prizes.

Ten Urbana faculty have been awarded the National Medal of Science; more than 100 from all three campuses are current members of the National Academy of Sciences, the American Academy of Arts and Sciences, and the National Academy of Engineering.

UIC Associate Professor of Art and Design Kerry James Marshall was one of only 22 1997 recipients nationwide of John D. and Catherine T. MacArthur Foundation Fellowships, the so-called "genius awards."

For the third time in five years, UIS accounting majors ranked first in the nation in percent passing the national exam to become certified public accountants.

In direct service to the people of Illinois, the University's Continuing Education and Public Service programs and Cooperative Extension Service annually bring credit and non-credit educational programs and research-based information to thousands of Illinoisans.

UNIVERSITY OF ILLINOIS AT CHICAGO PROFILE

Located in the heart of Chicago, within walking distance of the Loop, the University of Illinois at Chicago is a vital part of the educational, technological and cultural fabric of the Chicago metropolitan area.

UIC is the largest university in the Chicago area and one of the 80 leading research universities in the nation. It has 101 buildings on 322 acres. Many of its faculty have national reputations in fields as diverse as virtual reality, X-ray laser technology, urban affairs, medical plants and neurosurgery.

UIC was formed in 1962 by the consolidation of two U. of I. campuses: the Medical Center campus, which dates back to the
19th century, and the Chicago Circle campus, a comprehensive university that opened in 1965 to replace the two-year undergraduate division at Navy Pier, which was founded in 1946 to educate returning veterans.

In recent years, UIC has stepped up its efforts to improve the quality of life in Chicago and other metropolitan areas. Its Great Cities program directs teaching, research and public service into elementary and secondary education, health care, economic development and violence control in the Chicago area.

UIC also is a leader in health care. The UIC Medical Center provides top-quality health care to 400,000 patients a year. UIC is one of only four universities in the nation with a full complement of six health sciences colleges.

UNIVERSITY OF ILLINOIS AT SPRINGFIELD PROFILE

The University of Illinois at Springfield (UIS), a comprehensive institution offering both bachelor’s and master’s degrees, is located on 746 acres a few miles south of the capital city near Lake Springfield. A relatively small student population allows UIS to offer a personalized, high-quality education in a caring and individualized atmosphere. Course work begins at the second-semester sophomore level and continues through the junior, senior, and graduate levels. While programs are designed with older, part-time commuter students in mind, UIS is experiencing a steady increase in the number of full-time undergraduates. Founded in 1969 as Sangamon State University, UIS became the newest and smallest campus of the University of Illinois on July 1, 1995. Emphasis is placed on public affairs instruction, research and service carried out through community partnerships. Students have first-hand access to state government and public service through special courses, projects and internships.

UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN PROFILE

The University of Illinois at Urbana-Champaign (UIUC) is among the nation’s most distinguished teaching and research institutions. Its diverse programs reflect the mission of a comprehensive land-grant university. Its alumni include 10 Nobel laureates and 16 Pulitzer Prize winners. The largest public university in Illinois, UIUC was chartered by the state in 1867 and opened its doors to students in 1868. Students and scholars find the university an ideal place to conduct cross-disciplinary research. The most visible example of the university’s commitment to such research is the Beckman Institute for Advanced Science and Technology. The campus, a world leader in computing design and applications, is home to the National Center for Supercomputing Applications and the third largest collection among U.S. academic libraries.

Sports

...at Chicago. The UIC Flames compete at the NCAA Division I level and are affiliated with the Midwestern Collegiate Conference. The intercollegiate program offers seven men’s sports—baseball, basketball, cross country, gymnastics, soccer, swimming/diving and tennis—and seven women’s sports—basketball, cross country, gymnastics, softball, swimming/diving, tennis and volleyball. The men’s and women’s basketball teams play in the UIC Pavilion, while the remainder of the squads compete in the Physical Education Building or on the fields and courts of the new athletic complex just south of it. James W. Schmidt is director of athletics.

...at Springfield. The Prairie Stars compete at the NAIA Division 1 level as an independent. The program offers three sports for women—tennis, volleyball and basketball—and two sports for men—soccer and tennis. The men’s soccer program has won three national championships and has appeared in 15 of 21 national tournaments. The men’s and women’s tennis teams have appeared in 14 of 18 national tournaments. The women’s basketball program began in the fall of 1995 and advanced to the first round of the National Tournament during its first year. Aydin Gomusen is director of athletics.

...at Urbana-Champaign. The Division of Intercollegiate Athletics (DIA) operates the campus’ intercollegiate sports program. UIUC is a charter member of the Big Ten Conference. The Fighting Illini compete in Division I of the NCAA. The DIA supports nine intercollegiate sports for men and nine for women. Memorial Stadium seats 70,900 for football, basketball is played in the Assembly Hall, seating capacity is 16,450. FY98 budget is $22.0 million; approximately $395,000 is in University tuition waivers. Ronald E. Guenther is director of athletics.
