Dear Dr. Scheinman:

I write in response to your Freedom of Information Act request of October 31, 2014, in which you requested:

3. All communications between Chancellor Wise and James Leonard (Carle Foundation/Hospital), with such communications limited to those after 6/1/2014; [14-723]

Information responsive to point three of your request is available and attached. These are public documents numbering 212 pages.

Portions of these documents have been redacted or other documents have been withheld pursuant to the following section(s) of the Act:

- 140/7(1)(b) that exempts from disclosure "Private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order." This includes home and cell phone numbers, personal email addresses, personal health information, and home addresses.
- 140/7(1)(c) that exempts from disclosure "Personal information contained within public records, the disclosure of which, if disclosed, would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information." This includes personal health information, personal travel and recreational information, and the names and identifying information of private citizens.
- 140/7(1)(f), which exempts "Preliminary drafts, notes, recommendations, memoranda, and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body." This includes communications containing drafts, deliberations, opinions, proposed actions and recommendations or the formulation of an action or policy.
