Re: FOIA Request 15-160

Dear Mr. Gagliano:

I write to respond to your Freedom of Information request dated February 23, 2015, and received in my office on February 27, 2015 in which you requested:

“...the following:
   a) Cessna 414 aircraft accidents or incidents involving flight in icing conditions;
   b) the effectiveness of the Cessna 414 anti-icing or de-icing systems (or components thereof) or their coverage area on the aircraft; and
   c) the wing and tail design and airfoil selection on the Cessna 414 aircraft.”

A search was conducted and no documents responsive to your request could be located. The University of Illinois Institute for Aviation informed our office that the University has never operated this type of aircraft. If you were not seeking information about University-operated aircraft, please call Kathy McCarthy from my office at the phone number below to provide more details about the documents you are requesting.

You have a right, under the law, to seek a review of this response by the Public Access Counselor (PAC) in the Office of the Attorney General. The PAC may be reached by phone at 217-782-1396, by email to publicaccess@atg.state.il.us, or by postal mail at the Public Access Bureau, 500 S. 2nd Street, Springfield, Illinois 62706. You also have the right to seek judicial review under section 11 of this Act.

If you have questions for our office, please contact 217-333-6400.

Sincerely,

Thomas P. Hardy
Executive Director
and Chief Records Officer
