Re: FOIA #15-586

Dear Ms. Pfeifer:

I write to respond to your Freedom of Information request of July 10, 2015, and received in my office on that date, in which you requested:

“...information on employees of the University of Illinois that list a home or permanent address in area codes by area code. Area codes I am interested in are 61853, 61840, 61842, 61839, 61884, 61875, 61843, and 61724.

I would also like these distinguished by those numbers who work on campus versus those who work in leased space outside main campus or off campus. I am geographically considering “campus” as is usually presented on the campus parking map. University to the north, Lincoln on the east, Windsor on the south, and Neil on the west.

I would like these by employment type or category. I believe the following would be appropriate. You had previously given me counts for 61853 employees during a different time frame in 2014 with these type distinctions.

- Civil Service
- Tenure/Tenure-track Faculty
- Other academics – not post-docs
- Academic Professionals and non-tenure admins
- Extra-help reporting hours this academic year
- Other active extra-help but not reporting hours this academic year
- Academic hourly reporting hours this academic year
- Other active academic hourly but not reporting hours this academic year”

Information responsive to your request is available and attached. This is a public document numbering 1 page.
